Originally from Cancún and based in Mexico City, Madhouse is a DJ/producer with over a decade of experience, known for blending dance, disco, techno, and indie dance into a fresh, Spanish-language electronic sound.

With support from Phisica and names like Miss Monique and Dubfire, his releases include Malas Decisiones (nearing 1M streams), Cíclico (Beatport charts), and Caele and Save Me (#1 on Beat 100.9 FM).

He recently wrapped a national tour ending at Foro de las Estrellas (FNSM), and is set to release a new EP in August, with more singles and dates in September and October (Mexicali and Querétaro confirmed).
